Sub-processors

Version 1.0 — Effective April 28, 2026. This list reflects the third-party Sub-processors authorized to Process Customer Personal Data under the Data Processing Agreement, Section 4, as of the effective date.

This page lists the third-party Sub-processors that secapi.ai ("**Provider**") engages to Process Customer Personal Data in connection with the Services. Sub-processor engagements are governed by Provider's Data Processing Agreement (DPA), Section 4.

Sub-processor	Purpose	Region(s)	DPA on file
Cloudflare, Inc.	Edge CDN, Web Application Firewall, DDoS protection, edge caching for read-only public assets	US, global edge	Yes
Stripe, Inc.	Billing, payment processing, payment-method tokenization, invoicing	US	Yes
Anthropic PBC	Large language model API (Claude) for documentation Q&A and optional enrichment workflows	US	Yes
OpenAI, OpCo, LLC	Large language model API (GPT) for optional enrichment workflows (only when Customer enables)	US	Yes
Infisical (Solomon Labs, Inc.)	Centralized secrets management for application credentials and infrastructure secrets	US	Yes
BetterStack	Uptime monitoring, public status page hosting, incident notification	EU / US	Yes
Functional Software, Inc. (Sentry)	Application error tracking, exception monitoring, release health	US / EU	Yes
PostHog, Inc.	Product analytics, optional event-tracking for dashboard usability (only when Customer-side analytics opt-in is set)	US / EU	Yes
Resend (Drift Labs, Inc.)	Transactional email delivery (account confirmations, billing notifications, support replies)	US	Yes
Railway Corp.	Application hosting platform for the API tier and dashboard	US (multi-region)	Yes
WorkOS, Inc.	Authentication, directory, session management, future SSO and SCIM provisioning	US	Yes

Notification of new Sub-processors

Provider will provide at least 30 days' advance notice before authorizing a new Sub-processor to Process Customer Personal Data, in accordance with DPA Section 4.3. Notifications may be posted to this page or sent to the notification email address designated by the Customer in the dashboard.

Right to object

Customers may object to a new Sub-processor on reasonable data-protection grounds within 15 days of notice. See DPA Section 4.4 for the objection procedure.

End of Sub-processors v1.0.
